10. With the undermentioned countries the trade shows increase :—

Belgium.—Cotton Twist (value Rs. 2,393) is the only item of trade during the year. Last year candles of the value of Rs. 404 were only imported.

France.—The increase is chiefly owing to large imports of Treasure. Imports of Spirits and Wines however show a decrease.

Greece.—The small increase is due to importations recorded under the head of Provisions " Fruits dried, salted or preserved."

Italy.—The increase is owing to larger imports of Apparel, Coal, Coloured Piece-Goods, Brandy and Silk Piece-Goods. The imports of Treasure however, have declined.

Malta.—Larger imports of Drugs and Medicines have principally caused the increase.

Eastern Coast of Africa.—The imports of Ivory, Copra and Treasure account for the increase. Cloves and Wax show a decrease.

Mauritius.—Soft Sugar is the principal item which has caused this large increase.

Natal and Other Countries in Africa.—There was no trade last year, and hence the increase.

America, United States.—The increase is mainly due to large imports of Kerosine Oil.

Ceylon.—Cocoanut Oil, Copra and Betelnuts are the principal items of increase; whereas Coffee and Gold have fallen off.

China.—The increase is mainly due to large imports of Silver. Apparel, Glassware, Precious Stones and Pearls (unset), Mats, Copper, Silk Piece-Goods and Umbrellas have also increased. The items which show a decrease are Drugs—Cassia Lignea, Fireworks, Silk (raw), Sugar and Tea.

Siam.—The increase is wholly in Wood (Teak), which is the only item of Import Trade.

11. With the undermentioned countries trade has decreased :—

United Kingdom.—The decrease is mainly due to the enormous falling off in the imports of Treasure, principally Silver. There are also decreases in almost all the principal items of merchandise, such as Apparel, Cotton Twist and Yarn, Cotton Piece-Goods, Coal, Glass, Hardware and Cutlery, Matches, Metals, Paper and Pasteboard, and Railway Plant and Rolling Stock. There are a few items which show increases, principally Flax manufactures—Canvas, Umbrellas and Woollen Piece-Goods. The Increases and Decreases under each principal head are shown below.—

19. From the foregoing tabular statement it will be observed that there is an enormous decrease of Rs. 7,69,40,945 in the Import Trade during the year under report, which is principally attributable to lesser imports of Treasure, chiefly Silver, in which item alone there is a decrease of Rs. 7,08,07,989. The imports of Private Merchandise also, when compared with the returns of the previous year, exhibit a decrease of Rs. 59,18,417. This has been chiefly contributed by a decreased importation of Apparel, Cotton Twist and Yarn, Cotton Piece-Goods, Jewellery, Metals, Railway Plant and Rolling Stock, Silk (raw) and Tea. Although, on the whole, as above remarked, the imports of Private Merchandise have decreased, several items of the Import Trade, amongst which are Glass, Silk Piece-Goods, Woollen Piece-Goods, Oils and Sugar, display considerable increased importations. In Sugar especially the increase is very marked.

20. When comparing this year's figures with the corresponding entries for last year, the following facts should not be overlooked, viz. that although the imports of Private Merchandise, (exclusive of Treasure) during 1877-78, exceeded those of the previous year by about one crore and 32 lakhs, yet they were only about Rs. 60,00,000 in excess of the trade of the year 1875-76. Further, that the major portion (about 33 lakhs) of last year's excess over the trade of 1875-76, as also over that of the year under review, was contributed by the extensive imports of locomotives and waggons. These can scarcely be looked upon as Private Merchandise in the ordinary acceptation of the term.

21. Viewed thus, and also in conjunction with the fact that the trade is that of the 3rd of three consecutive years of famine and distress, it is only surprising that the deficit is not greater than the above table shows it to be. There is little doubt too, but that it would have been considerably greater had it not been that the very favourable commencement of last monsoon misled traders into the belief that the end of the long-continued depression and distress was at last at hand. Actuated by such a belief, larger indents than would otherwise have been ventured on, were made, and it is to be feared that considerable losses have been in consequence sustained.

22. A glance at the statements, portraying in comparison the Entries and Clearances of Foreign Shipping during this and the last year, cannot fail to forcibly impress upon the mind the great depression of trade in general during the year under review.

23. The items in which the largest increases are apparent are Building and Engineering Materials, Clocks and Watches, Drugs and Medicines, Fireworks, Glass, Instruments and Apparatus, Leather, &c., Mats, Oils, Silk Piece-Goods, Sugar, Tobacco, Umbrellas, and Woollen Piece-Goods.

INCREASE.

Building and Engineering Materials.—The increase of Rs. 43,227 over last year's importations under this heading is due to a larger quantity of Cement having been imported from the United Kingdom.

Clocks and Watches.—Show an increase of Rs. 50,131. Speculators have ventured trial consignments of cheap Watches and Clocks, but there is reason to believe that a large portion is still unsold.

Drugs and Medicines.—Under this heading there is an increase of Rs. 62,287.

Although there is a decrease of Rs. 1,14,741 in Cassia Lignea, and Rs. 28,727 in Camphor, these deficiencies are more than met by increases in Assafœtida, Quinine, and other descriptions of Drugs and Medicines.

Fireworks.—This year's importations of Fireworks, amounting to Rs. 2,51,348, show an increase of Rs. 25,921 over last year's figures.

Glass.—In the face of the almost universal depression of trade an increase in the importations of this item of Rs. 2,35,500 seems somewhat inexplicable.

It is however a fact, that very large consignments were sent out on trial, and that the market is quite glutted with Glassware of every description.

The use of Kerosine Oil having become very general, quantities of common lamps adapted for the consumption of it, have greatly enhanced this surplus; prices have fallen considerably.

Instruments and Apparatus.—The increase of Rs. 50,218 under this head has been partly contributed by the importation during the year of the instruments, &c., of the new Electric Light Company.

Leather, &c.—There is a small increase of Rs. 42,138 under this heading. The abolition in March 1878 of the import duty previously levied on leather and leathern manufactures, probably gave a slight impetus to the trade, and hence the increase in this year's importations.

Mats.—The value of the importations of these have this year aggregated Rs. 80,774, against Rs. 41,785 last year. This enormous increase of 93 per cent. is due to the endeavours of certain merchants to monopolize the trade in this article. Competition of course stepped in, and aided by the abolition in March 1878 of the import duty on mats, very soon swelled the

importations which show the above result. The increase is almost entirely in the importations from China.

Oils.—During the year under report the importations of Kerosine Oil have been so extensive, as to show an increase of 47 per cent. on last year's figures, which recorded an increase of more than nine lakhs over the importations of the year 1876-77. It is almost needless to add, that this has resulted in a further marked reduction in price. At the close of the year the price of Kerosine was about Rs. 4½ per case, whereas in March 1878 it was Rs. 8. Import duty on Oils was abolished in March 1878, but so small a reduction can scarcely be held to have materially affected importation.

Silk Piece-Goods.—These form one of the principal items of trade with China. About two-thirds of the year's total increase of Rs. 5,66,847 have been contributed by the importations from China. This year too, as during the last, extensive imports of Handkerchiefs have been made, and although the trade with Rangoon has this year been doubled, large quantities of Silk goods intended for the Rangoon market are still on hand.

It would appear that the handful of Chinese merchants who have settled down here have determined not to allow this market to be without such productions of their mother country, though it is to be feared that they have not made the profits they expected.

Sugar.—The large increase of Rs. 64,56,585 in this year's importations is in the main attributable to the imports of Soft Sugar from Mauritius.

From the figures given in the margin it will be seen that although last year's figures recorded a good revival of the trade, which, owing to enhanced prices in Mauritius consequent on heavy demands from the United Kingdom, had fallen away considerably in 1876-77, the trade during the year under report is quite unprecedented, having almost doubled that of 1877-78.

1873-74	...	...	...	Rs. 52,17,367

1877-78	...	...	...	„ 77,42,439
1878-79	...	...	...	„ 1,41,99,015

The explanation of this is to be found in the fact that the limited out-turn of the Indian crop was unequal to the demand, and consequently foreign importations, for which there was a brisk and ready market here, were very extensively made, especially of a new description closely resembling Bengal Soft Sugar, which was introduced and very favourably received as a substitute for it.

Tobacco.—In this item there is a trifling increase of Rs. 28,245, which is in the importation of "other sorts" of manufactured Tobacco imported chiefly from the United Kingdom and New York.

Umbrellas.—In comparison with last year's trade, there is an increase of Rs. 1,89,196 in this item, which has been acquired chiefly by the increased imports of Cotton Steel-ribbed Umbrellas from the United Kingdom.

Woollen Piece-Goods.—This year's imports exhibit an increase of Rs. 3,40,400 over the figures given in last year's report.

This, it is asserted, has been brought about by the expedition to Malta, which left this during the year under review. To furnish the necessary equipment of warm clothing for the Native troops who formed part of the expeditionary force, a sudden demand was made upon the resources of the market, and acting on the strength of the impetus thus given dealers indented somewhat freely for large consignments from Europe, the greater portions of which there is reason to fear have not as yet been sold.

DECREASE.

Apparel.—The value of the importations of Apparel during the year (1878-79) amounts to Rs. 16,17,975, which, when compared with last year's (1877-78) figures, exhibits a decrease of Rs. 3,03,621. So many and varied are the circumstances which influence importations recorded under this heading that the selection of any particular one to account for the decrease under notice would be simply conjecture.

It is, however a fact, that "The Indian Parcel Post" is now very extensively employed for the importation of many items of Apparel, and to this year's increased importations by this mode of conveyance, as well as to the Afghan war, may reasonably be attributed a portion of the above decrease.

Arms, Ammunition, &c.—Under this heading there is a decrease of Rs. 52,647, which may, in a great measure, be credited to the more stringent rules now enforced upon traders in Arms, &c.

Considerable misapprehension regarding the operation of Act XI. of 1878, which came into force on the 1st of October last, seems also to have aided in this decrease, as a more limited importation of Sporting Arms, Gunpowder, and appliances is observable.

Cabinetware and Furniture.—Show a decrease in the value of importations of Rs. 37,911, notwithstanding the fact that the 5 per cent. Import duty on such was abolished in March 1878.

Candles.—The decrease of nearly a lakh of Rupees in the value of the importations of this article is undoubtedly owing to the fact that Kerosine Oil has to a very great extent supplanted Candles.

Last year's importations more than equalled the demand, and hence a considerable amount remained unsold.

This surplus, together with the cause above detailed, led to a fall in prices, and checked importation which, but for these causes, might have been more advantageously carried on than in former years, in consequence of the abolition of Import duty of 5 per cent. in March 1878.

Coals.—Exhibit a decrease of Rs. 1,90,831, which is nearly about three per cent. of the value of the importations recorded last year.

This year's figures are above the average of the past five years, the importations during each of which are given in the margin.

Cotton Twist and Yarns.—In these there is a decrease amounting to Rs. 15,94,832, which has been mainly contributed by Mule 40*s* and Water 30*s*. When compared with last year, the value of the importations of these two descriptions alone display a falling off of about 17½ lakhs, about 5 lakhs in Mule 40*s* and 12½ lakhs in Water 30*s*. In 1876-77 the importations of the latter were so in excess of the requirements of the country that a considerable balance is said to have been on hand at the commencement of last season.

There is little doubt too that the manufactures of the local mills in a very considerable degree check the importation of the coarser descriptions of Yarns.

It is worthy of note that the importations of the lower counts of Grey Yarns have not been enhanced by the abolition, in March 1878, of the import duty till then levied on such; for while in 1877-78 the importations of Mule 25 to 32, and of 20 and under of Water Twist were worth respectively Rs. 2,44,390 and Rs. 13,155; this year's corresponding importations have dwindled down to Rs. 42,958 and Rs. 366, thus showing a decrease of upwards of two lakhs.

In Turkey Red however, an increase of about eight lakhs is accounted for in a measure by the fact that it is used to some extent in the local mills for the manufacture of Dhoti borders. The more favourable rates at which it was obtainable at the close of last season have doubtless also stimulated its importation.

Cotton-Piece Goods.—Notwithstanding the very considerable decrease in this important item of trade shown by last year's report, this year's figures record a still greater reduction.

In Grey Shirtings the decrease is about 42 lakhs, in White Piece-Goods about 15 lakhs, in T Cloths (over 18 reed 5½ under 18 reed 2) about 7½ lakhs, in Jacconets about 5½ lakhs, and in Long Cloths, Madapollams, Domestics, &c., about 2½ lakhs, while to counter-balance these in Dhoties and Saries there is an increase of about 13¾ lakhs, in Coloured Piece-Goods about 11 lakhs, in Drills about 4½ lakhs, and in Printers and Mulls about 1½ lakhs.

The sum of these latter, when deducted from that of the decreases, gives a net difference of Rs. 40,75,343, which represents a falling off of about 9 per cent. of last year's importations. The above statement anent Grey Shirtings when viewed with last year's deficit in the importations of the same cannot fail to depict most forcibly the painfully depressed condition of trade in Western India during the year under review, a condition which may be attributed, in great measure, to the successive years of famine, from the ruinous effects of which the country has as yet been unable to recover itself, and also to financial difficulties and ultimate failures of local traders.

Dyeing and Colouring Materials.—The falling off of about a lakh and a half in Cochineal and three quarters of a lakh in Saffron has led to this decrease of Rs. 2,16,893.

Saffron is chiefly imported from France; its decreased importation is attributable to a partial failure of the crop.

This resulted in such a considerable advancement in prices that it failed to find a ready market here.

Last year's importations of Cochineal, being in excess of the demand, resulted in overstocking the market, and the consequent reduction in rates checked further importations.

Gums and Resins.—There is little doubt that the decrease of Rs. 76,532 in these goods has been caused in no inconsiderable degree by their being sent from the Persian Gulf and the Eastern Coast of Africa to Europe by more direct routes than through the Bombay Market.

Hardware and Cutlery.—These are items of trade, for the fluctuations of which any special reasons can hardly be given. This year's importations show a decrease of Rs. 1,61,347, or about 9 per cent. less than last year's value.

Ivory and Ivory-ware.—Ivory is very extensively employed for the manufacture of Bangles. The impoverished condition of most of the people has precluded indulgence in such luxuries, and hence limited the demand very considerably. The decrease of Rs. 2,79,312 is chiefly in the importation of "hollows" from the United Kingdom. The Bangles above alluded to are principally made of this portion of the elephant tusk.

Jewellery.—The decrease of Rs. 6,03,804 is entirely due to the smaller value of the importations of Pearls from Arabia and Persia.

Ale, Beer and Porter, Spirits, Wines and Liqueurs.—The decreases under this are in Ale, Beer and Porter 60,429 gallons, Spirits 8,433 gallons, and in Wines and Liqueurs 14,419 gallons.

Traders persist in assigning as the cause of this decrease the heavy rates of duty on Spirits and Sparkling Wines, which, in these hard times, they assert, have aided in reducing consumption.

It is not unreasonable to suppose that the stagnant state of trade in general has materially affected the consumption.

Machinery and Millwork.—This year there is a trifling falling off under this heading, which is accounted for by the facts that during the year under report some Mills have stopped working and others have only been partially at work, thus necessitating a smaller consumption of accessories.

Matches, Lucifer and other.—To the over-stocked state of the market, consequent on the large importations of this commodity last year, must be attributed the deficiency of Rs. 1,26,321, and to the same cause is also due the fall in prices. The importations this year are above the average of the last five years, but a still further decline is anticipated.

Metals—All metals, except Iron, exhibit in quantity and value a considerable decrease.

It was shown by last year's report that the very favourable prices at which Copper and Yellow Metal had been obtainable during 1877-78 had induced importations to such an extent as to completely glut the market; it is therefore not surprising that there is a decrease in importation this year. The same reason can also be assigned for decreased importations of most of the other metals. In Iron, however, there is an increase of Rs. 2,65,170, which may be accounted for in the following way. The steady decline of prices in all the producing districts, coupled with very low freights which were obtainable in consequence of vessels chartered to convey Railway materials, being allowed to fill up at the out-ports with merchants' Iron, induced traders on the strength of the very favourable commencement of last monsoon to indent largely at low limits.

When however, these shipments arrived, the monsoon had proved to be unfavourable, and owing to failures the shippers and importers sustained heavy losses through forcing sales. But for the impetus thus lent to the importation of Iron, it too, would undoubtedly have ranked with the rest, as owing to the very distressed condition of the country, the demand for metals was very limited.

Paints and Colours.—A decrease of Rs. 91,831 is apparent in this year's importations of Paints and Colours, which can only be accounted for by the more limited requirements this year than last for these articles. The principal items of decrease are Red Lead and Vermillion.

Paper and Pasteboard.—Last year's importations, which marked an increase of nearly four lakhs over those of the previous year, overstocked the market. Large balances and less demands, resulting in a depreciation in the value, have checked further importations, and hence the decrease this year of Rs. 2,77,954 in these articles.

Provisions.—Owing to a somewhat scanty crop of Dates last season, the importation from Persia and Turkey in Asia has fallen off, which accounts for the entire decrease of Rs. 2,49,119 recorded under this head.

Railway Plant and Rolling Stock.—Owing to the very large importation of Locomotives during the year 1877-78, a considerable decrease would have to be recorded here, but for an increased importation of Steel Rails and Wooden Sleepers, by which the net decrease under this heading is reduced to Rs. 12,40,962.

Silk, Raw.—Although when compared with last year's figures, a falling off of Lbs. 2,89,730 is observable in this item, still the increased re-exports only establish the fact that, though reduced, this year's importations have been more than sufficient for the requirements of the country.

Spices.—The importation of Cloves from Zanzibar, both direct and *viâ* Aden, is less than last year's by about 3 lakhs, but, on the other hand, although last year's importations of Betel-nuts from Ceylon scarcely reached Rs. 4,000, the value of these nuts this year is nearly a lakh and a half. Hence this year's total decrease under this heading is only Rs. 1,80,016.

Tea.—The excessively heavy importations of Tea during the preceding year resulted in large stocks remaining in the market.

In Green Tea alone there is a falling off this year of nearly 4 lakhs in value which is said to be a consequence of the Afghan War, as Green Tea is very extensively indulged in by the inhabitants of Afghanistan, and the principal importations of Green Tea here find their way into that country.

Treasure.—The imports of Gold this year amount in value to Rs. 86,20,961, and those of Silver to Rs. 3,99,53,675, which, when compared with last year's imports show decreases of Rs. 2,14,539 in Gold, and of Rs. 7,08,07,989 in Silver.

25. The foregoing tabular statement shows that, in comparison with the preceding year, there is a decrease of Rs. 3,33,52,227 in the exports of Indian produce. The re-exports (exports of foreign merchandise) have increased to the amount of Rs. 17,69,657. In Treasure there is also an increase of

Rs. 1,29,87,116. This increase, together with that of the re-exports, makes up the total increase of Rs. 1,47,56,773. Deducting this from the decrease in the exports of Indian produce, there remains a net decrease of Rs. 1,85,95,454 in the general export trade.

26. The decrease in the exports of Indian produce is mainly due to lesser exports of Cotton (raw), Grain and Pulse, Hides and Skins and Seeds. The re-exports exhibit an increase, which is chiefly attributable to larger exports of Gold and Silver, Cotton Piece-Goods, Silk (raw), and Sugar.

27. Increases and decreases have occurred in the following items:—

INCREASE.

Coffee.—Increased exports have this year been made to the United Kingdom, Persia, Turkey in Asia and Italy; those to the United Kingdom show an increase of 57 per cent., and to Persia and Italy more than cent per cent on last year's figures.

The exports to Turkey in Asia, amounting to Rs. 64,092, have quite thrown into the shade last year's comparatively small sum of Rs. 17,969.

On the other hand, however, the shipments to France, Austria, Egypt and Arabia were considerably more last year than they have been this one. The total exports aggregated Rs. 11,26,203, the net increase being Rs. 95,164.

Cotton Twist and Yarns.—Exhibit an increase of 57,22,169 lbs. in quantity and Rs. 20,32,996 in value over and above last year's exports, which exceeded those of the previous year by 77,20,161 lbs. in quantity and Rs. 31,71,322 in value.

The total exports to China this year, amounting to nearly 76 lakhs, display an increase of about 15½ lakhs, and, although last year's exports to Japan were only about Rs. 32,000, this year they have equalled nearly 4¾ lakhs in value. The local manufactures under notice failing to be in demand in other foreign markets have been literally forced into those of China and Japan, which, it is to be feared, are now in a considerably overstocked condition.

Cotton Piece-Goods.—The exports of these this year, aggregating Rs. 26,72,266, have principally been made to Africa, Aden and China. To Hongkong the exports this year were Rs. 75,573 against Rs. 13,382 last year, and to the Treaty Ports Rs. 1,41,850 against *nil* last year.

The net increase this year, amounting to Rs. 6,39,503, is more than double that of last year, which was Rs. 3,00,409. The total exports of Grey Piece-Goods amount this year to Rs. 19,05,456, of White Rs. 46,335, and of Coloured Rs. 7,17,226, the corresponding figures last year being Rs. 13,67,510, Rs. 22,316, and Rs. 6,42,147.

Oils.—A considerable increase in the exports of Oils is recorded this year, which has been chiefly contributed by large exports of Cocoanut Oil to France and the United Kingdom, and Castor Oil to the latter.

The more favourable rates of Exchange and Freight this year, coupled with a good inquiry in the Home markets, stimulated the outward trade, and this year's exports have aggregated upwards of 9 lakhs; while last year's were less than 2¾ lakhs.

Opium.—The total exports of this drug amount this year to 36,272 chests, and in value to Rs. 6,25,15,271.

The decreased exportation as regards quantity must be credited to a smaller supply, the out-turn of the crop in Málwa alone being 8,709½ chests less this year than last. Prices in consequence advanced considerably, and hence, although there is a deficiency of 6,842 chests in the quantity exported this year, the value of the exports is greater by Rs. 15,42,073.

Spices.—The increase of Rs. 2,28,484 under this head has been acquired principally by larger exports of Cardamoms, Ginger and Pepper to the United Kingdom.

Wool (Raw).—The value of the exports of this item during the year under review amounts to Rs. 71,71,046, which displays an increase of Rs. 11,09,115 on last year's trade.

1873-74	... Rs.	65,15,320
1874-75	... „	61,50,912
1875-76	... „	69,76,364
1876-77	... „	73,12,783
1877-78	... „	60,61,931

From the figures given in the margin it will be seen that the exports of 1877-78 were considerably less than those of any of the four preceding years; this year however, the exports are above the average of the last five years.

Large quantities having accumulated in the market, traders availed themselves of the favourable rates of exchange and freight to export largely, hence the increase.

The exports of Gold and Silver during the year under review amount respectively to Rs. 2,27,63,724 and Rs. 80,33,431, which show increases of Rs. 1,20,55,954 in Gold and Rs. 9,32,032 in Silver over the exports of last year.

DECREASE.

Cotton, Raw.—In this very important item of the export trade of the country there is this year a large decrease.

1874-75	...Rs.	12,61,94,035
1875-76	... „	9,90,66,303
1876-77	... „	9,39,51,298
1877-78	... „	8,22,18,918
1878-79	... „	5,09,88,156

A glance at the figures given in the margin serves to show the extent of the retrogression during each of the last five years, inclusive of the one under review, and when the figures for this year are viewed in comparison with those of 1874-75, the result will by no means justify the entertaining of any very sanguine hopes for the future. The exports to Holland and Russia exhibit a trifling increase of about six lakhs, while those to every other country are considerably less than they were last year.

Grain and Pulse.—Although the net decrease is nearly 37 lakhs, the exports of Wheat alone to the United Kingdom have fallen off from about 54½ to about 4¾ lakhs, and those to France from about 2 lakhs to about Rs. 12,000. This is to be accounted for by the fact that the Home prices were below those ruling in this market.

Scarcity of the crop kept up the prices here, and, as the American market is capable of supplying all demands for Wheat, the Indian produce was unsaleable in the Home markets at its higher rates.

The total exports of Wheat this year have been only about 7¾ lakhs against about 60¾ lakhs last year. On the other hand there is an increase of about 15 lakhs in the exports of Rice. A large quantity having been accumulated in this market, and traders being unwilling to part with it at lower rates, were compelled to seek for sales elsewhere, and consequently large shipments were made to foreign ports, especially to the United Kingdom, to which this year's exports amounted to upwards of nine lakhs in value; whilst last year they were only worth about Rs. 8,000.

The exports to Persia, Africa and Mauritius have also increased.

Hides and Skins.—Owing to the short rain-fall in 1876-77 and consequent failure of the cereal crops, animal food had to be more largely consumed.

A larger number of cattle, sheep and goats were consequently slaughtered, and many died from starvation owing to the scarcity of vegetation, fodder and water. These causes supplied the market with large quantities of hides and skins, and resulted in last year's exportations being abnormally large. The heavy fall of rain last monsoon made vegetation and water plentiful, and so very considerably restricted the supplies of Hides and Skins; hence the reduction in the quantities exported.

Seeds.—Owing to heavy rains, sowing operations were interfered with and resulted in a failure of the Linseed and partial failure of the Rape-seed crops. The severe cold weather in the Central Provinces during December and January last also injuriously affected the condition of the crops in those parts.

Traders having anticipated a good out-turn last season, considerable sales at average rates were put through at Home, but when it became apparent that their expectations regarding the crops would not be realized, and that only a limited supply of seeds would be obtainable competition soon gave prices an upward tendency.

This year the exports of Linseed to the United Kingdom, France, and Holland, show respectively decreases in value of Rs. 20,43,078, Rs. 51,09,602, and Rs. 10,15,365. Decreased exports of Rape-seed have also been made to the United Kingdom, the figures this year being Rs. 12,36,828, while last year's were Rs. 25,14,511.

To Belgium this year there have been no exports of either Linseed or Rape-seed, whereas last year's exports aggregated upwards of 14 lakhs in value. Teelseed exhibits a slight improvement in its exports to France and Italy.

Shawls.—Last year a decrease of Rs. 2,41,038 was recorded, and there is a further falling off of Rs. 2,47,336 this year in the value of the exports of Shawls.

The remarks made in last year's report regarding the decline of the trade in Shawls are also applicable this year.

There seem to be good grounds for asserting that a very considerable portion of the goods sent under the designation of Shawls is totally unsuited to the requirements of the Home market.

38. From the foregoing table it will be observed that the total value of the trade of each division when compared with the returns of the previous year shows a decrease, but when the trade of each Presidency or Province is compared individually that of the Madras Presidency, shows an increase of Rs. 11,62,731, British Burmah of Rs. 4,36,920, Goa of Rs. 92,150, Damaun of Rs. 19,431, Pondicherry of Rs. 3,982, and Travancore of Rs. 15,085. The rest of the Presidencies or Provinces indicate decreased trade as entered in the above statement.

Bengal Presidency.—The trade this year shows a falling off of upwards of eighty-three lakhs of Rupees, which is chiefly in the importation of Rice, Sugar (refined) and Jute Gunny Bags (Power Loom). The imports of Rice have fallen off very considerably.

Madras Presidency.—The trade, on the whole, with this Presidency, exhibits an increase of Rs. 11,62,731. It is accounted for by the large imports of Manufactures of Coir, Cotton (raw), Cocoanuts, Provisions—Fruits, &c., Cardamoms, Ginger, Betelnuts and other sorts of Spices. The imports of other important articles of Trade, such as Turmeric, Rice, Vegetable Oils and Pepper have however, declined.

British Burmah.—There is an increase of Rs. 4,36,920, which is mainly due to the large imports of Paddy and Rice. Wood (Teak), which is one of the principal imports, shows a decrease of nearly three lakhs of Rupees in value.

Sind.—The import trade with this Province shows a decrease of Rs. 6,18,101. This is chiefly attributable to the falling off in the principal imports of Indian Produce, viz., Indigo, Rice, Wheat, Grain other sorts, Provisions and Wool (raw). Other items of Indian Produce, however, viz. Gram, Hides and Skins and Seeds, and of Foreign Merchandise, Wool (raw) and Provision—Fruits, &c., exhibit an increase. The imports of Treasure show a decrease of Rs. 9,750 when compared with those of the previous year.

British Ports within the Presidency.—The total value of trade shows a decrease of Rs. 32,70,312 when compared with that of the last year. This being the first complete year that the trade with these Ports has been registered in detail according to the classification list, last year's figures do not appear in the Trade Report. Corresponding details for the previous year not being available, comment on the fluctuations in the principal articles of trade is precluded.

Cutch.—The trade with this State has decreased to the extent of Rs. 6,90,536. It is accounted for by a large falling off in the imports of Cotton (raw). In Treasure also there has been a decrease. The articles which have increased are castor-seed, Provisions Fruits, and Wool (raw).

Káttyáwár.—Shows a decrease of Rs. 18,82,928, which is principally owing to the large falling off in the imports of Cotton (raw), Grain (other sorts) and Wool (raw). In Treasure however, there has been an increase of Rs. 18,39,262.

Foreign Konkan (Habsán).—There is a small decrease of Rs. 3,714, which is in general merchandise.

Goa.—Large imports of Cocoanuts have caused this increase of Rs. 92,150 The imports of Betelnuts and Treasure indicate a decrease.

Damaun.—The increase of Rs. 19,431 is attributable to the large importation of Fishmaws, &c., and Firewood.

Diu.—Amongst the principal articles of Import, Cotton (raw), Grain, Metals and Provisions (other sorts) contribute towards the decrease of Rs. 30,614; Hides, Salted Fish and Ivory (unmanufactured) having increased.

Pondicherry.—This increase is owing to the imports of Apparel, Gums (other sorts), Oils, Provisions and Seeds. Of these there were no imports last year. Foreign Wines, which are occasionally imported, show a decrease during the year under report.

Travancore.—The trade with this Port appears to have commenced only this year, hence the increase.

Bengal Presidency.—The trade with this Presidency in the exports of Indian Produce shows an increase of upwards of one lakh, and in Foreign Merchandise of more than 5 lakhs, making up the total increase of Rs. 6,43,897. The principal articles of Indian Produce exported are Cotton (raw), Cotton Piece-Goods (Grey) and Twist. The two former show an increase and the latter a decrease. The increase in Foreign Merchandise is mainly due to larger exports of Cotton Piece-Goods (Grey), Sugar and other articles.

Madras Presidency.—On the whole there is a decrease of Rs. 10,99,572, which is chiefly attributable to lesser exports of articles of Indian Produce, viz., Cotton (raw), Oils, Seeds, and of Foreign Merchandise Coloured Piece-Goods, Brass, Copper, Paper and Treasure. The exports of Country Cotton Twist and Foreign Sugar show increases.

British Burmah.—The increase of Rs. 1,13,240 is chiefly owing to the large exports of Betelnuts amounting in value to more than Rs. 83,000 against *nil* last year. The trade in Country Cotton Twist and Foreign Silk Piece-Goods has also increased.

Sind.—The trade with this Province has decreased to the extent of Rs. 22,30,469, which is accounted for by the falling off of exports both of Foreign Merchandise in the items of Treasure, (principally Silver), Cotton Twist, Cotton Piece-Goods, Hardware, Copper, Iron, Silk (raw), and Woollen Piece-Goods, as well as in those of Indian Produce, viz., Cotton Piece-Goods (Grey), Gunny Bags (Power Loom), Spices and Sugar. Foreign Sugar, Tea, and Grains, viz. Grain, Rice, and other sorts, and of Indian produce, Provisions, Fruits, &c., show increases.

British Ports within the Presidency.—The remark made against these Ports on the Import side is also equally applicable on the Export side.

Cutch.—The value of Trade, when compared with that of the previous year, exhibits a decrease of Rs. 6,29,333, which is mainly due to lesser exports of both Foreign Merchandise and Indian Produce. The chief articles of Exports are Cotton Twist, Coloured Piece-Goods, Grain, Brass, Iron, Paper, Ghee, Teelseed, Silk (raw), and other articles of Merchandise. The exports of Sugar have increased.

Káttyáwár.—The principal articles of Exports which have contributed towards an increase are Grain and Sugar. Exports of Treasure however, have decreased.

Foreign Konkan.—The increase of Rs. 80,901 is wholly in the exports of Grain of Indian Produce and Sugar of Foreign Merchandise.

Goa.—Large exports of Grain of Indian Produce and Wines, Spirits, Sugar and Treasure of Foreign Merchandise have caused the increase of Rs. 2,04,650.

Damaun.—There is a small increase of Rs. 13,092, which is chiefly owing to large exports of Rice and other articles of Merchandise.

Diu.—Larger exports of Cotton Twist, Rice and other sorts of Grain have principally caused the decrease of Rs. 34,457.

Pondicherry.—The exports of Cotton (raw) having fallen off largely caused the decrease. The exports of Country Piece-Goods (Grey) amount to Rs. 26,293 this year against *nil* last year.

Mahi.—There has been no trade this year. Last year the trifling sum of Rs. 170 was recorded.

39. The following statement shows the number of Ships employed in the Coasting Trade, which entered and cleared with cargoes during the year, as compared with the previous year:—

43. The trade of the Continental Ports, together with the causes of its fluctuations, furnished by the Collector of Salt Revenue, is given below.

CONTINENTAL PORTS OF THE BOMBAY PRESIDENCY.

44. The total value of the trade at the Continental Ports, exclusive of Government Stores and Treasure, amounted to Rs. 7,06,19,196, showing a decrease of Rs. 90,78,454, as compared with the previous year, when the value of the trade was Rs. 7,96,97,650, a difference of about 13 per cent.

These values may be thus divided :—

Names of Divisions.	Year 1877-78.	Year 1878-79.	Increase or Decrease in 1878-79.
	Rs.	Rs.	Rs.
Foreign External Ports	61,723	6,01,205	+5,39,482

Total ...	7,96,97,650	7,06,19,196	—90,78,454

This statement shows that trade with Foreign External Ports has increased to the extent of Rs. 5,39,482, while the trade with Indian Ports is less by Rs. 96,17,936.

FOREIGN TRADE.

45. The following comparative statement indicates separately the Imports and Exports during the official years 1877-78, 1878-79.

The increase in the imports was Rs. 3,248, and in the exports Rs. 5,36,234, over the previous year.

46. There were no exports or imports of Government Stores or Treasure at any of the Continental Ports.

IMPORTS.

47. The total value of merchandize, imported from each Foreign Country during the official years 1877-78 and 1878-79, was as under :—

Countries.	Year 1877-78.	Year 1878-79.	Increase or Decrease in 1878-79.
	Rs.	Rs.	Rs.
United Kingdom	7,241	4,711	—2,530

Meckran and Sonmeani	.....	2,926	+2,926
Total	55,911	59,159	+3,248

The figures are small, and exhibit a total increase of Rs. 3,248.

United Kingdom.—The decrease of Rs. 2,530 was mainly due to smaller importations of "Glassware," "Wines and Spirits." Metals and Apparel were in excess of the previous year.

France.—There were no importations this year.

Arabia.—There were larger importations of "Dried Fruit" and "Salted Fish," and a decrease in "Grain and Pulse, other sorts."

Persia.—The increase of Rs. 968 was due to importations of "Paints and Colours."

Turkey in Asia.—Under this heading there is a decrease of Rs. 4,028 caused by less imports of "Dried Fruits."

Meckran and Sonmeani.—There were no imports last year. The increase this year is owing to importations of "Salted Fish."

EXPORTS.

48. The total value of goods of Indian produce and manufacture exported to each Foreign Country during the official years 1877-78 and 1878-79 were as follows :—

Countries.	Year 1877-78.	Year 1878-79.	Increase in 1878-79.	Decrease in 1878-79.
	Rs.	Rs.	Rs.	Rs.

Persia	52	645	593	.....
Total	5,812	5,42,046	5,37,188	954

The net increase on the whole is Rs. 5,36,234. Out of this sum Rs. 5,34,425 is owing to a shipment of Cotton having been made direct from Kárwár to Russia.

United Kingdom.—The chief articles of export were Spices and Tobacco.

Russia.—There were no exports last year, and this year the one shipment of Cotton from Kárwár constitutes the trade with Russia of the Continental Ports of this Presidency. Cotton is usually sent to Bombay prior to exportation.

Eastern Coast of Africa.—Exports were Rs. 920, as compared with none in the previous year.

Arabia.—The decrease of Rs. 652 is mainly owing to less exports of Raw Flax. There was an increase in Seeds, Spices and Molasses (Goor).

Ceylon.—Manures were the only item of export this year.

Mekran and Sonmeani.—There was an increase in the exportation of "Flax (raw)," "Flax—other articles," and "Grain and Pulse."

Persia.—Flax (raw) accounts for the increase of Rs. 593.

PRINCIPAL IMPORTS.

49. The following table shows the principal articles of merchandize, with their quantities and values, imported during the official years 1877-78 and 1878-79 :—

On the whole there is an excess of Rs. 3,248 as compared with 1877-78.

50. The principal items of increase were Metals, Paints and Colours, and Provisions. The chief items of decrease were Grain and Pulse, Spirituous Liquors, and Wines.

The increase in the importations of metals, and paints and colours, is accounted for by ordinary fluctuation of trade. Under "Provisions," dates and salted fish have been imported in large quantities, the former owing to remission of the duty hitherto payable, and the latter owing to the increase of the excise on salt from Rs. 1-13-0 to Rs. 2-8-0 having favoured foreign competition. The duty on imported salted fish, viz. 12 annas per cwt., remains the same as before the enhancement of the excise on salt.

The decrease in the importation of grain and pulse is owing to the season having been more favourable than in 1877-78, when famine prevailed in extensive districts of the Presidency.

It will be observed that there had been an increase of Rs. 5,36,234 in the value of the Export Trade as compared with the previous official year.

52. The increase in the exports of Indian Produce was chiefly in Raw Cotton, Dyeing and Colouring Materials, Grain and Pulse, Provisions, Seeds, Spices, Sugar and Tobacco. The decrease was principally in Flax.

Increase.

Cotton.—The increase is owing to one steamer having loaded at Kárwár.

Grain and Pulse.—Increased exportation to Meckran.

Provisions.—Increased exportation of Ghee to Zanzibar.

Seeds.—There was an increase in the exportation of Ground-nuts to Muskat, where the demand was large.

Dyeing.—(Turmeric) } These articles were sent in large quantities to Muskat.
Sugar.—Unrefined (Goor) }

Tobacco.—A small shipment of 631 lbs., value Rs. 150, was made in the year under report to the United Kingdom. It will be interesting to watch the result of this experimental consignment.

Decrease.

There was a decrease of Rs. 1,271 in export of Flax to Arabia.

53. The following statement shows the total Number and Tonnage of Vessels which entered and cleared with Cargoes into and out of the Continental Ports of the Bombay Presidency during the years 1877-78 and 1878-79:—

Imports from all British Indian Ports, both within and without this Presidency, show a decrease, whereas Foreign Indian Ports, except Cutch, Káttyáwár and Pondicherry exhibit an increase. The total decrease of the year amounted to Rs. 67,76,221.

Bengal Presidency.—The great bulk of the trade is with Calcutta. The chief articles imported from Calcutta this year were Glassware and Hemp Bags. The principal items to which the decrease of Rs. 49,324 is due are "Grain and Pulse" *viz.* Rice and Wheat which were last year imported to supply famine wants in this Presidency.

Madras Presidency.—The trade is carried on with Ports other than the Port of Madras, from whence there were no imports. The principal articles of import were Bricks, Tiles, Coir, Cordage, Cotton Goods, Cocoanuts, Grain and Pulse, Horns, Manures, Oilcake, Dried Fruits, Ghee, Seeds, Spices and Wood. The items of import that showed an increase were Cotton Goods, Grain, Oilcake, Ghee, Seeds, Betelnuts, Ginger and Sandalwood. There was a decrease in Cocoanuts, Grain and Pulse, especially Rice not in the husk, and Teakwood. The decrease in the import of Cocoanuts is owing to increased importations from Goa, owing to exemption of the article from duty.

Sind.—Kurrachee was the only Port from which imports took place. The decrease of Rs. 15,028 was chiefly caused by smaller imports of Rice and Dyeing Materials. The decrease in importations of Rice was probably due to the Kabul Expedition having created a larger demand for food grain in Sind itself. In Salted Fish there was an increase over the previous year of Rs. 1,062.

British Ports within the Presidency.—The import trade at these Ports is most varied as regards goods carried. The decrease this year under the heading "Grain and Pulse" was less by about 72 lakhs of Rupees. Last year, on account of the famine, the imports were abnormal. There is a nominal decrease of 19 lakhs in Salt caused by the actual value of the Salt *minus* the duty being this year shown; while last year the duty was included in the value stated. The chief increases have occurred in Cotton Twist, Cocoanuts, Fruits, Wines, Oils, especially Kerosine, Spices, and Treasure. The use of Kerosine Oil is becoming very general, as it is cheaper than Vegetable Oil, and in much favour with the Natives.

Cutch.—The decrease of Rs. 8,123 is due to smaller imports of "Grain and Pulse, other sorts."

Káttyáwár.—Rs. 2,26,537 less than the previous year, owing to distress in the Province. The only articles that show an increase over the previous year are Rice, Castor Seed, and Dried Fruits.

Foreign Konkan.—Has an increase of Rs. 15,222, which is owing to larger importations of "Rice in the husk," "Grain other sorts," and "Provisions." There was a decrease in Wood, especially Teak and Firewood.

Goa.—There is an increase of Rs. 2,03,921, attributable mainly to very large importations of Cocoanuts and other Fruits, owing to their exemption from import duty. Provisions and Betelnuts also contributed to the increase. On the other hand the imports of Manures and Salted Fish were less. In "Salt" the decrease is nominal, as already explained.

Damaun.—The increase in imports was made up by Cocoanuts and Salted Fish.

Diu.—This increase of Rs. 52,677 is owing to larger importations of "Hemp Bags," "Salted Fish" and "Provisions, other sorts."

Pondicherry and Mahi.—These Ports may be passed without comment, as their trade is nominal.

57. The only Ports at which exports have increased are Kurrachee, Cutch, Goa and Diu. The decrease amounts in the aggregate to Rs.30,58,904.

Bengal Presidency.—The only articles exported were "Cotton (raw) and "Salt." There is a nominal decrease amounting to Rs. 10,29,771 in the latter article caused by the change in the method of stating the value already referred to. The actual quantity of Salt exported is more than last year by some 2,000 tons.

Madras.—The decrease this year Rs., 7,60,863, of which Rs. 2,00,000 occurred in Grain, and 5 lakhs (nominal) in Salt. There is an increase of about 4,000 tons in the quantity of Salt exported.

Sind (Kurrachee).—The increase is due to slightly larger exports of "Pulse" Grain (other sorts), and "Fuel."

British Ports within the Presidency.—There was a decrease in Grain exports. An increase of 29 lakhs in Treasure is not apparent on the face of the statement, as it was counter-balanced by a nominal decrease of about 29 lakhs in "Salt."

Kutch.—The export trade has increased in value by Rs. 1,16,747, owing to larger exports of Rice not in husk, Ghee, Seeds (other sorts), Spices, Goor and Teakwood.

Káttyáwár.—Shows a large decrease of Rs. 7,05,145. Seed exports to Káttyáwár fell off by about 8 lakhs of rupees. This decrease is noticeable, as the year, especially towards its close, was marked by scarcity. The explanation probably is that the necessities of other parts of the country were even greater, and Káttyáwár was able by drawing on its own stores and by land importations to supply itself more cheaply than by importing by sea. Rice shows an increase of a lakh of Rupees.

Foreign Konkan—The state of trade is almost the same as in the previous year. The chief exports were Vegetable Oils and Tobacco.

Goa.—There is an increase in the value of exports to Goa, amounting to Rs. 70,412, caused by large exports of Rice, Wheat, Vegetable Oils, Seed, Spices, Guor, Tobacco and Wax.

Damaun—The decrease in the export to this port is marked, as it amounts to Rs. 14,555, the total trade being Rs. 8,444 against Rs. 22,999 last year. The decrease occurred principally in Rice and Wheat.

Diu.—This year exports to Diu are Rs. 16,054 more than last, the increase being mainly in Rice and Gram, Vegetable Oils and Ghee.

Cochin.—The only article exported was Salt, of which the quantity was 1,869 tons more than last year. The cause of the apparent decrease in the value has already been explained.

Travancore.—Salt was the only article exported, and is in excess of last year by 9,437 tons.
